

A level Press release 2018
Outwood Grange Academy

Outwood Grange Academy Post 16 Centre is yet again celebrating incredible results.

Over many years now, the academy has become accustomed to celebrating many successful exam results but these results are special. Through hard work and determination students have been able to achieve some phenomenal results. We would particularly like to pay credit to Jacob Barker who has secured a place at Oxford to study Mathematics. We are delighted with the 13 A*s in Mathematics and Further Mathematics. Mrs Colledge-Smith, Associate Principal stated "we are overjoyed with the results, student's hard work and determination has paid off." The academy achieved an impressive 97% pass rate.

Sabiha Laher, Associate Executive Principal, said "I would like to particularly praise the work of Michelle Colledge-Smith, Associate Principal and Lauren Bligh-McCann, Director of Post 16, for their exceptional leadership in helping students to gain these life changing results. We would like to congratulate all students and their success, their results are a testament to their hard work and that of their families, staff, the trust board and governors at Outwood Grange Academy. These results reflect the continued strong work ethics of everyone involved and I wish all of our students every success in the future. I feel immensely proud and privileged to be a part of it."

Every student has achieved personal success but to highlight a few:

Charlotte Meller 4 A*s Biology, Chemistry, Physics, Mathematics

Jacob Barker 3 A*s Mathematics, Further Mathematics and Computer Science

James Wainwright 3 A*s Mathematics, Further Mathematics and Computer Science
