

Students at the Outwood Grange Academy have achieved fantastic examination grades on A-Level results day, surpassing last year's achievements. An incredible 40% of students achieved an A Level A\*-B grade, which represents an increase of 3% from 2018 and 70% of students achieved an A\*-C grade, a rise of 3.4%.

Through hard work and determination students have been able to achieve these phenomenal results and are now moving on to a diverse and exciting range of career and educational opportunities. All students who have decided continue their studies at University have been successful, this is testament to the commitment and dedication of all the students, their families and staff at Outwood Grange Academy.

We would particularly like to pay credit to the two students who will be studying Veterinary Medicine Royal Veterinary College at University of London and Medicine at Imperial College London.

*"We are hugely proud of our students and their achievements this year; we know they are moving on to the next stage of their life and education having been given the best support and guidance and we look forward to hearing about all their successes in the future. It has been a great team effort, superbly lead by the Director of Post 16, Lauren Knowles."*

Brian Kelly, Principal, Outwood Grange Academy
